Re: To be placed on the City Council Agenda 2/28/05

From: OACAC Affordable Housing Committee

Our committee would like to make a presentation on the need for affordable housing in Branson and Taney County. Our plan to do a county-wide housing marketing/feasibility study and that we are in the process of raising \$5,000.00 for the study. On 2/14/05 the Taney County Commissioners' met and donated \$3,000.00 toward the study and requested that we come to the City of Branson Aldermen to request a donation toward the study. We have also had a citizen come forward that is willing to donate 5-6 acres of land in Branson for this project.

Max Lytle will be the speaker for our Committee at this meeting.
Others in attendance will be: Lori Lucchi, Cindy Rains, and Myrna Carlson
